Club we will be learning in the Bible, the Psalms! God, and it is full of how God loves His people. Testament, which tells of before Jesus was born, and which tells of Jesus and

how His believers can follow Him. If you go right to the middle of the Bible, you will find the Book of Psalms. The Psalms are songs of praise and prayers to God, many written by King David. Some of the psalms lift up words of thanksgiving and praise to Our Great God. Some ask Our Merciful God for forgiveness for wrongdoings. Some seek protection and help from Our Powerful and Just God. Some request relief from suffering and sorrow from Our God of Comfort. All are words directed to God, Who hears all of our prayers and songs.

Today we will begin our journey into the Psalms, in which we will learn the meaning of the word "psalm" as well as who wrote most of them. We will watch a short video about worship and how the Psalms are central to worshipping God.
